

2019-2020 VERIFICATION FORM DEPENDENT-V1

Your Free Application for Federal Student Aid (FAFSA) was selected for review in a process called verification. The law says that before awarding Federal Student Aid, we may ask you to confirm the information you and your parents reported on your FAFSA. To verify that you provided correct information the financial aid administrator at your school will compare your FAFSA with the information on this worksheet and with any other required documents. If there are differences, your FAFSA information may need to be corrected. You and at least one parent must complete and sign this worksheet, attach any required documents, and submit the form and other required documents to the financial aid administrator at your school. Your school may ask for additional information. If you have questions about verification, contact your financial aid administrator as soon as possible so that your financial aid will not be delayed.

Income Verification:

Instructions: Complete this section if you and/or your parent filed or will file a 2017 IRS income tax return(s). The best way to verify income is by using the IRS Data Retrieval Tool (IRS DRT) that is part of FAFSA on the Web at <u>FAFSA.gov</u>. In most cases, no further documentation is needed to verify 2017 income information that was transferred into the student's FAFSA using the IRS DRT if that information was not changed by the FAFSA filer.
